10PROPOSE THE DRAFT M. O. [J. being proposed by the FDA. In particular,  
10OBJECT to the definition of "inordinate amount" which restricts the availability  
and the right to obtain medically necessary compounded medications by limiting  
the number of prescriptions that can be shipped across state lines from specialized  
compounding pharmacies.

COMMENTS: I am currently getting a prescription  
from Madison Pharmacy Associates in Wisconsin.  
This product is not available in Iowa.  
I have tried other products here and  
all have negative side effects.  
This is definitely only for the benefit  
of large pharmaceutical companies.
